

2020 CSPOA Pool Facility Rules

These rules have been adopted and approved by the Board of Directors for CSPOA and contain rules and protocols in response to the Covid-19 Pandemic. These rules will be evaluated from time to time and are subject to change at the discretion of the Board.

USE OF THE POOL FACILITIES

1. The swimming pool is for use by CSPOA residents only and their family members and approved childcare providers. The number of non-resident family members allowed may be restricted as reasonably necessary in favor of the use right of residents. Non-resident family member guests and childcare providers need to complete a Non-Resident Waiver form in order to enter and use the pool facilities.
2. Guests are \$2 each and passes must be purchased through Pay HOA or through the pool committee. Guest pass punch cards are available at a reduced rate. Family members of residents are free but must obtain a guest wrist band from the guard and sign a non-resident waiver.
3. Resident children 11 and older may use the pool facilities without being accompanied by a responsible adult over the age of 17.
4. Resident children 10 and under must be accompanied by a parent, guardian, family member or childcare provider at least 17 years old (the "Responsible Person"). Lifeguards have the authority to limit pool use according to the swimmers' ability and maturity.
5. When a child is unable to swim on his/her own and is in the pool (whether using flotation devices or not), the Responsible Person needs to be in the water or sitting on the pool edge supervising that child. Children with flotation devices cannot be in the deep end of the pool without a Responsible Person accompanying them.
6. Guards are here as an added safety measure. Residents are ultimately responsible for the safety of your family and yourself.
7. ***Children in the wading pool must be supervised at all times by a "Responsible Person." Lifeguards are not responsible for supervising the wading pool. The wading pool is limited to children age 6 and under.***

SIGN IN PROCEDURE

8. All persons must sign-in and sign-out with the lifeguard and complete the sign-in form upon entering the facility. You must provide the name and address of each person in attendance, the time you arrive and the time you leave. This allows CSPOA to monitor occupancy and will provide critical information if contact tracing is required due to a Covid-19 exposure.

POOL WRISTBANDS

9. All persons attending the pool facility will be required to wear a wristband (i.e. resident, family member, childcare provider), with the exception that resident children 11 and under and non-resident family members/guests age 2 and under are not required to wear a wristband.
10. Resident wristbands are for each CSPOA resident. Childcare providers may obtain a resident wristband upon completing a Non-Resident Waiver form. Non-resident family members/guests age 2 and older are required to wear a guest wristband.

11. Pool wristbands are NOT transferrable and are to be worn only by residents, their guests and childcare providers who have signed a waiver. Lifeguards have the authority to ask for additional proof of residency if they deem necessary (i.e. driver's license, utility bill, etc.).

COVID-19, SOCIAL DISTANCING AND CLEANING

12. All persons should shower before entering the pool.
13. All persons should wash and/or sanitize their hands before entering the pool facility. You are encouraged to bring your own hand sanitizer and disinfecting wipes.
14. All persons using goggles, swim masks, pool toys, or floatation devices shall clean and/or sanitize their equipment before entering the pool. It is recommended that goggles, toys, flotation devices, etc. not be shared between families.
15. Before leaving the pool facility, all persons shall clean and sanitize the area, furniture and equipment used during their visit.
16. Any person having an infectious disease and/or open draining wound, whether bandaged or not, will not be allowed to enter the pool area.
17. Persons visiting the pool are encouraged to self-monitor for fever and other Covid-19 symptoms. Anyone with a fever of 100.4 or higher or experiencing or exhibiting any other symptoms of Covid-19, including sore throat, chills, body aches, cough, difficulty breathing, loss of taste or smell is NOT permitted to enter or use the pool facility for least 14 days or until cleared by a medical professional.
18. Anyone exposed to Covid-19 or who is suspected of having been exposed to Covid-19, and all such persons residing in the same house, shall not enter or use the pool facility for 14 days from the date of suspected or known exposure or until they are cleared by a medical professional. Any person who is suspected or confirmed to have been exposed to Covid-19 is encouraged to stay home.
19. Persons over 65-years old, pregnant, or who have underlying medical conditions that place them at enhanced risk of severe illness due to Covid-19 are encouraged not to use the pool.

MISCELLANEOUS RULES

20. Use of the pool and pool area is a privilege and not a right. Any violations or abuse of the pool rules may result in withdrawal of pool privileges, either temporarily or permanently, for any member, person, or guest upon recommendation of the pool committee. Complaints regarding violations should be brought to the attention of the pool committee in writing and may be directed to any member of the committee. Please email cspoapool@gmail.com
21. Use of the pool and facility shall be at your own risk, (despite guard(s) on duty) which you assume by entering the facility.
22. Pool hours are 11 a.m. until 9 p.m. daily. Pool hours may be adjusted based on use patterns and/or need. Any revision of pool hours will be posted. The pool is only open when a lifeguard is on duty. Anyone swimming or sunbathing at other times will be fined \$50.00. This fine will be added to CSPOA dues. With the exception of swim team and private lessons scheduled with a CSPOA lifeguard, no children are allowed in the pool except during open pool hours.
23. Diving and other swimming safety rules are set at the discretion of the lifeguard. They can suspend from the pool any person who does not abide by their directions and rules of the pool. Lifeguards have the authority to suspend pool privileges for a designated time to

residents or guests for continued violations of the rules. Suspension of privileges may be appealed to the pool committee.

24. One large floatation device in pool at a time. No oversized floatation devices allowed.
25. No Jumping in on floatation devices.
26. The pool drains have strong suction on the bottom of the pool. For safety reasons no person(s) should ever sit on or play near the drains. The drains have been replaced to provide greater safety in the prevention of entrapment by suction but caution is required to prevent swimmers from coming in proximity to the drains.
27. The lifeguards are not babysitters and are instructed not to assume such duties.
28. No running, rowdiness, roughness, etc. is allowed in the pool area.
29. No shorts, jeans, or cut-offs may be worn in the pool.
30. All children who are not potty trained must wear a swim diaper when in the pool area to comply with health standards and to prevent serious illness.
31. Typical pool toys and rafts are permitted in the pool as space permits. The lifeguard will decide if a toy or raft is appropriate for the pool. If the pool is crowded, the lifeguard may require that rafts, balls, or other pool toys be removed on a temporary basis. No floatation devices, toys, balls, or pool toys may be stored overnight at the pool.
32. Pool breaks will be called as needed, but at least one ten (10) minute break will be called each hour. Anyone under the age of 17 must exit at pool break and stay at least five (5) feet away from the edge of the pool during the break. Children are not permitted to sit on the pool steps or dangle their legs in the pool. Adults may swim during pool breaks at their own risk.
33. No one is allowed in the pool mechanical room/office other than staff and the pool committee, unless authorized by the lifeguard on duty.
34. No animals are allowed in the pool area in order to comply with city health regulations.
35. Lifeguards may offer private swim lessons on weekday or Saturday mornings, except when swim team practice in session is scheduled. A maximum of two private lessons or one group lesson shall be given in the pool at one time. Costs will be established between the two parties (lifeguard and resident). Residents will pay the instructor directly for the lessons.
36. There is no smoking allowed in the pool and pool area, including decking.
37. No Glass permitted in pool area.
38. No food or beverages allowed within five (5) feet of the pool. Residents are responsible for cleaning-up after themselves. The lifeguards will ask you to keep the area clean. Failure to properly dispose of trash may result in the loss of pool privileges. Separate receptacles are provided for trash and aluminum cans.
